Either party may from time to time designate a new address for notices. Unless a return receipt or other document establishes otherwise, a notice sent by U.S. Mail shall be presumed to be received the second business day after its mailing.

4.5.9. Severability

Should any term, provision, condition, or other portion of this Contract or its application be held to be inoperative, invalid, or unenforceable, and the

remainder of the Contract still fulfills its purposes, the remainder of this Contract or its application in other circumstances shall not be affected thereby and shall continue in force and effect.

4.5.10. No Personal Liability

No officer, agent, or authorized employee of the City shall be personally responsible for any liability arising under this Contract, whether expressed or implied, nor for any statement or representation made herein or in any connection with this Contract.

4.5.11. Disputes

Except for the right of either party to apply to a court of competent jurisdiction for an injunction or other equitable relief or for the collection of an account stated, any controversy, claim or dispute related to this Agreement the parties agree that before either party shall pursue any legal action against the other, they will submit the dispute or claim to mediation. The non-binding mediation shall be requested by one party sending written notice by certified mail or nationally recognized overnight courier to the other party. The parties shall then select a mediator from the Mississippi Bar Association's panel of mediators. If the parties are unable to agree on a mediator, then a judge in a court of competent jurisdiction for that particular type of dispute (Circuit or Chancery) in Hinds County shall appoint a mediator from the Mississippi Bar Association's panel of mediators. The mediation shall take place within thirty (30) days after a mediator is selected or appointed, at a place designated by the mediator. Each party shall pay a proportionate share of the fees associated with the mediation including the fees of the mediator. If one party refuses to mediate when requested to do so, or fails to respond to a written request for mediation within ten (10) days of the date of the request, then the other party may consider this mediation provision waived, and proceed with the filing of a lawsuit.

4.5.12. Termination for Cause

If, through any cause, the Service Provider shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Service Provider shall violate any of the terms of this Agreement, the city of Jackson shall thereupon have the right to terminate this Agreement by giving written notice to the other party of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all personal property, cash, or other assets which, if the Service Provider had been completed, would have been required to be furnished to the City or were purchased with funds furnished to the Service Provider under this Agreement and all finished or unfinished documents, reports or other materials prepared by the Service Provider under this Agreement shall at the option of the City become its property, and the Service Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials.

Notwithstanding the above, the Service Provider shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of this Agreement by the Service Provider, and the City may withhold any payments to the Service Provider for the purpose of off set until such time as the exact amount of damages due to the City from the Service Provider is determined.

This section shall apply to all representatives, third parties, and/or consultants/Contractors selected or employed by the Service Provider.

4.5.13. Termination for Convenience

The City may terminate this Agreement at any time by giving written notice to the Service Provider of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished or unfinished documents and other materials as described in the Termination for Cause clause, at the option of the City become its property. If the Contract is terminated by the City as provided herein, the Service Provider will be paid an amount which bears the same ratio to the total services of the Service Provider covered by the Contract, less payments of compensation previously made.

This contract may be terminated in whole or in part by the City upon written notice to Service Provider, if Service Provider should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Service Provider of an assignment for the benefit of its creditors. In the event of such termination, Service Provider shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

4.5.14. Force Majeure

This section applies in the event either party becomes unable to perform its obligations under this Contract because of a Force Majeure Event. A Force Majeure Event is an external event that is beyond the control of the party or its agents that severely compromises the party's ability to perform its obligations under the Contract. Such events may include, but are not limited to, a natural or man-made disaster, an act of war or terrorism, or a related action or decree of a superior governmental body, which prevents the party from performing all its obligations under the Contract.

Should either party suffer from a Force Majeure Event, such party shall provide the other party with written notice as soon as practical and shall act with speed and diligence to mitigate any potential damage that may result from the event and resume performance of all its obligations under the

Contract as soon as reasonably possible. When notice has been properly provided, the obligations of both parties shall be suspended to the extent that and for the period that the Force Majeure Event prevents the party from resuming performance of all its obligations under the Contract.

4.5.15. Approval

It is understood that the Agreement requires approval by the Governing Authority for the City and if the Agreement is not approved by the Governing Authority, it is void and no payment shall be made hereunder.

4.5.16. Availability of Funds

It is expressly understood and agreed that the obligation of the city of Jackson to proceed under this Agreement is conditioned upon the appropriation of funds by the City Council and the receipt of funds. If the funds anticipated for the continuing fulfillment of the Agreement are, at any time, not forthcoming or insufficient, either through the failure of the city of Jackson to provide funds or of the City Council to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to the City of Jackson, the City shall have the right upon ten (10) working days written notice to the Service Provider to terminate this Agreement without damage, penalty, cost or expenses to the City of any kind whatsoever, other than payment for legal services rendered prior to receiving written notice.
