4.5.12. Termination for Cause

If, through any cause, the Service Provider shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Service Provider shall violate any of the terms of this Agreement, the city of Jackson shall thereupon have the right to terminate this Agreement by giving written notice to the other party of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all personal property, cash, or other assets which, if the Service Provider had been completed, would have been required to be furnished to the City or were purchased with funds furnished to the Service Provider under this Agreement and all finished or unfinished documents, reports or other materials prepared by the Service Provider under this Agreement shall at the option of the City become its property, and the Service Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials.

Notwithstanding the above, the Service Provider shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of this Agreement by the Service Provider, and the City may withhold any payments to the Service Provider for the purpose of off set until such time as the exact amount of damages due to the City from the Service Provider is determined.

This section shall apply to all representatives, third parties, and/or consultants/Contractors selected or employed by the Service Provider.

4.5.13. Termination for Convenience

The City may terminate this Agreement at any time by giving written notice to the Service Provider of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished or unfinished documents and other materials as described in the Termination for Cause clause, at the option of the City become its property. If the Contract is terminated by the City as provided herein, the Service Provider will be paid an amount which bears the same ratio to the total services of the Service Provider covered by the Contract, less payments of compensation previously made.

This contract may be terminated in whole or in part by the City upon written notice to Service Provider, if Service Provider should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Service Provider of an assignment for the benefit of its creditors. In the event of such termination, Service Provider shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

Such events may include, but are not limited to, a natural or man-made disaster, an act of war or terrorism, or a related action or decree of a superior governmental body, which prevents the party from performing all its obligations under the Contract.

Should either party suffer from a Force Majeure Event, such party shall provide the other party with written notice as soon as practical and shall act with speed and diligence to mitigate any potential damage that may result from the event and resume performance of all its obligations under the Contract as soon as reasonably possible. When notice has been properly provided, the obligations of both parties shall be suspended to the extent that and for the period that the Force Majeure Event prevents the party from resuming performance of all its obligations under the Contract.
