25-2457	Dear Records Department, I am writing to request access to public records under the Freedom of Information Act (5 U.S.C. § 552) and relevant state public records laws. The request pertains to a specific incident detailed below. Requested Materials: Body-worn camera (BWC) footage Dashcam footage Surveillance video (if available) 911 call audio and dispatch logs Incident and investigation reports Any other relevant media or documents Incident Summary: Case Title: Jackson Police Arrest 3 Suspects in Connection with 2024 and 2025 Murders Location: Jackson, Mississippi Reference: https://www.clarionledger.com/story/news/local/2025/03/12/jackson-ms-police-arrest-3-suspects-accused-of-murders-in-2024-and-2025/82311036007/ Description: Jackson police have arrested three individuals in connection with two separate homicides. The first incident involves a 26-year-old man killed and another injured in a shooting on March 30, 2025, in the 100 block of Meadow Lane. Erian Sutton, 23, has been charged with murder, aggravated assault, and shooting into an occupied vehicle. The second case concerns a shooting on July 5, 2025, that resulted in the death of 23-year-old Gabriel King. Juquavion Clark, 17, has been charged with murder, while Cameron Russell, 24, Daniel Taylor, 22, and another 17-year-old are charged with accessory after the fact. Police Chief Joseph Wade indicated that more arrests are possible in both cases. Agency: Jackson Police Department (JPD) Redactions: While I understand and respect the department's responsibility to protect sensitive information and uphold privacy exemptions as outlined in FOIA and applicable state laws, I respectfully request that redactions be applied narrowly and with specificity. Excessive or blanket redactions—such as fully blacked-out or blurred video screens—can severely impair the public's ability to understand the context and evaluate public agency conduct. In accordance with FOIA's requirement to release all reasonably segregable non-exempt material (see 5 U.S.C. § 552(b)), I request that redactions be limited only to those portions that are strictly exempt, such as personally identifiable information or information that would compromise an active investigation. Visual redactions should not obscure entire frames or scenes unless no other means of protecting exempt content is feasible. To ensure transparency and to facilitate meaningful public oversight, please consider using pixelation, masking, or other targeted redaction methods that preserve as much of the visible and audible context as possible. Preferred Delivery Method: Please provide records digitally, through a secure platform such as Evidence.com, iCrimeFighter, Box.com, or any method your department prefers. Please notify me in advance of any applicable fees. If eligible, I respectfully request a fee waiver on the basis of public interest and non-commercial use. Thank you for your attention to this request. Please feel free to contact me with any questions or required clarifications. 25-2442	I'm requesting any documents or reports titled "Homicide Contributing Factors" from the Jackson Police Department for the years 2018 to the present. This information contains (but is not limited to) the following fields: case number, incident date, victim, race, detective assigned, contributing factor, suspect, age, arrest, weapon, type of weapon, warrant issued, shift, precinct, next of kin, body found, and day of the week. The only field that would need to be redacted by statute would be the "next of kin" column. Everything else is considered public information under the Mississippi Public Records Act. I'm requesting this information to better provide information on homicides and the department's solve rates to residents, which ultimately will lead to greater transparency and celebration of JPD's hard work to complete these cases.	aanderson@jacksonms.gov	12/08/2025 11:30:27 AM	Police Department	C.J. 25-2439	Hello Public Records Custodian, I'm requesting records under the Mississippi Public Records Act of 1983, Miss. Code Ann. § 25-61-1 et seq., related to the February 14, 2019 homicide of Varga Mae McCray-Martin on Alexander Street in Jackson, Hinds County, Mississippi. The incident involved suspect Marcell Martin and frantic witnesses/neighbors; Martin fled and was later taken into custody. This request is focused on video and core evidentiary materials, not administrative records. To make this as efficient as possible, I'm asking first for the entire case file associated with this incident. If providing the entire case file is unduly burdensome, please prioritize the following specific items (video first): 1) Body-worn camera footage - From all responding officers at or near the Alexander Street scene on February 14, 2019, including response, scene work, pursuit, transport, and arrest activities that same day. - Please include audio and any available metadata or time stamps. 2) Dashboard camera footage - From all JPD vehicles that responded to the Alexander Street scene, participated in any pursuit, traffic stops, or the arrest of Marcell Martin on or about February 14, 2019. 3) Surveillance/CCTV video - Any neighborhood, city, or third-party surveillance video obtained or held by JPD related to this incident (Alexander Street and the immediate vicinity), including copies collected from residents or businesses. 4) 911 call recordings - All 911 calls reporting or relating to the shooting on Alexander Street on February 14, 2019, including calls from witnesses or neighbors. 5) Primary reports (basic reports only) - The initial incident/offense report and the arrest report for this case (no internal memos or extensive supplemental narratives). 6) Photographs - Crime scene and evidence photographs taken by JPD related to the Alexander Street incident. 7) Recorded interviews/interrogations - Any recorded interviews or interrogations of Marcell Martin and key witnesses regarding this incident. Timeframe: Please search for responsive video, audio, and reports from 12:00 a.m. to 11:59 p.m. on February 14, 2019, and any directly related pursuit or arrest activity that same day. I am not seeking training materials, policy manuals, internal communications, or statistical records. If any portion of a record is exempt, please release all reasonably segregable portions and cite the specific statutory exemption for any withholding. Under Miss. Code Ann. § 25-61-5(1), the Act requires a response within seven working days of receipt. If the records are in active use or not readily available, please provide a written explanation and a date certain for production not to exceed fourteen working days from receipt. I agree to pay reasonable duplication costs. If estimated costs exceed \$50, please contact me before proceeding. Electronic delivery (download link or email) is preferred. If helpful to preserve potentially responsive video, please place any necessary holds to prevent routine deletion while this request is processed. Thank you for your help. If you need clarification, I'm happy to discuss.
