This request seeks only records that already exist and does not require the creation of any new documents, summaries, or reports. This request was originally submitted on January 8 of this year, but has been resubmitted as new documents may now be responsive to this request that weren't available or filed before. I further note that the Mississippi Ethics Commission ruled in 2018 that a public body may not make a public record confidential by contract, and that any claim of confidentiality must be grounded in statute or court decision.
