26-1478	Hello, my name is Marielsy, and I am part of GBSM Studios. Pursuant to the Mississippi Public Records Act (Miss. Code Ann. § 25-61-1 et seq.), regarding the right of the public to inspect, copy, and obtain public government and law enforcement records, I am writing to request the disclosure and digital delivery of public records maintained by your agency regarding a specific law enforcement response and subsequent felony arrests. Please provide the following records related to the triple homicide investigation occurring on Queen Alexandria Lane involving victims Erica Weathersby, Keyana Weathersby, and Camari Givens, and the subsequent capital murder arrests of Cornelius Carter (28), Jordan Carter (28), and Mikayla Young (25): The Complete Incident/Arrest Report(s). Audio Recordings: All 911 emergency calls placed by neighbors or witnesses reporting shots fired or discovering the scene on Queen Alexandria Lane, dispatch audio logs, and JPD radio communications related to this response. Video Footage: All body-worn camera (BWC) and dashboard camera footage captured by responding officers and detectives. We specifically request that disclosure be prioritized for the most relevant footage documenting critical actions and events, including the initial arrival and clearing of the residence, the medical response assessment, and the physical processing or booking procedures of the three suspects following their detention. Interrogation Files: Audio/video recordings and written transcripts of any interviews, statements, or formal post-arrest interrogations conducted with the suspects (Cornelius Carter, Jordan Carter, and Mikayla Young) at the station. Evidence Logs & Reports: Copy of the crime scene evidence logs, inventory of ballistics or weapons recovered, and scene photographs documenting the layout of the area on Queen Alexandria Lane. I request that these records be provided in a digital format (via a secure download link or email). Since the defendants have already made initial court appearances and were formally denied bond, establishing a matter of public record, we request the digital delivery of all reasonably segregable, non-exempt portions of these files under Miss. Code Ann. § 25-61-9. If your agency contends that any portion remains exempt under active criminal investigative exceptions, please provide a detailed, written justification specifying the legal exception relied upon. If there are any administrative fees associated with duplicating or processing these digital records, please notify me in advance. Thank you for your time and assistance with this matter.
