26-2075	Pursuant to the Mississippi Public Records Act, Miss. Code Ann. § 25-61-1 et seq., I request to inspect the City of Jackson's file of written denials of public records requests. Section 25-61-5(3) requires that a denial of a request for public records be in writing, that it contain a statement of the specific exemption relied upon as justification for the denial, and that all such denials be maintained on file by the public body for a period of three years. This request is for that file — specifically, every written denial issued by the City of Jackson, or by any of its departments, offices or officials, from September 21, 2023 to the present. To be clear about scope, this request covers denials issued by all City of Jackson departments and offices, including but not limited to the Jackson Police Department, the Office of the City Attorney, the Mayor's Office, the City Clerk's Office, Public Works, and any denials issued through the city's online records portal. I am requesting to inspect these records in the first instance rather than receive copies, in order to avoid unnecessary production costs to the city. Please let me know a date and time when the file will be made available for inspection at City Hall or another city facility. If it is more efficient for the city to produce the denials electronically, I will accept them in that form instead.	09/21/2026 09:59:27 AM	Municipal Clerk	C.J. LeMaster
